Customer House Line Information (Piping system from meter outlet to appliances)

Pressure Test Information - New House Lines

Indicate type of test performed with a check mark

Test performed:

- 3 lbs. for 10 Minutes
- Other (Specify) _____ PSI _____ Minutes
(Other applies to 5 PSI or greater)

A pressure test performed with a gauge shall be conducted at no less than 1.5 times the proposed working pressure but not less than 3 PSIG.

Pressure Test Information - Existing House Lines

- Operating Pressure for 3 minutes

When reestablishing gas service, a pressure test performed with a gauge shall be conducted at operating pressure for a duration of no less than 3 minutes.

Check to Acknowledge:

- All exterior exposed house line piping painted.
- By signing this form, the installer attests that they installed, or repaired, and tested the house line in accordance with applicable codes and standards.
- The person performing the installation or repairs ("installer") understands and agrees that by Piedmont Gas Company setting the meter, Piedmont Gas Company is not assuming nor accepting any responsibility or liability for the installation or repair work performed by the installer and that the installer remains solely responsible for any work performed other than the setting of the meter. Further, installer agrees to indemnify, hold harmless, and, if requested, defend Piedmont Gas Company, its officers, employees and agents from and against any and all liabilities, costs, claims, demands, fines, penalties, suits (including cost of defense), proceedings, actions, and causes of action, including reasonable attorneys' fees, arising out of, or associated with, or related to the installation described herein.
- For New Construction, the House Line Installation Record will NOT be accepted by Piedmont Gas Company until AFTER an application for natural gas service has been made for the premise.
